I am indeed honoured to have this opportunity to present before you consistent upward graph of our school's achievements and I would like to thank each one of you for being a significant part of this glorious journey. The Annual Report showcases the achievements and glories of our school undoubtedly, but also makes us think deeply about our shortcomings. We have always been committed to create an environment in the school, which helps the young minds to blossom and provide a platform for individual thinking and holistic development of the child's personality. We set standards and goals for ourselves and strive to achieve them – be it in the area of academics, sports, discipline, leadership and more.

I wish to begin with our performance on the academic front. Achieving academic excellence is at the heart of our endeavour as educators. Academic achievements reflect a demonstrated ability to perform to the best of once ability by developing once intellectual, potentials and skills with diligence and ardour. We are happy to share the details of the commendable performances of our students from classes LKG to X.

**Proud Moment: 'Excellence in academic is the hall mark of any good institution. Results of school prove without any doubt that our students of class X have made us proud'.**

The board results indeed added zip to life with centum in class X in the AISSE many students secured distinction and came with flying colors.

None of these achievements would have been possible without the single-minded commitment and dedicated care of our teachers. We are also constantly encouraged by Swamiji, parents and well-wishers who have shown much confidence and given their fullest support. I wish to acknowledge the efforts and guidance of our management as their collaboration and contributions have made a difference. We are still not satisfied with this result. We are aiming for the No 1 slot and have adopted various measures to achieve our goal. Extra coaching classes for the Board examiners, regular weekly tests and special counselling sessions for children are some of these steps

Our students of Class I to X walked into the school with new energy and enthusiasm to commence the new academic year filled with new dreams and surprises on 30<sup>th</sup> may 2022 & were warmly welcomed at the assembly and initiated into the entire year's programmes by their class teachers.
